

SUMMER LEARNING PROGRAMS

The Yolo County Governing Board recognizes that an extended break from the instructional program may result in significant learning loss, especially among disadvantaged and low-achieving students, and desires to provide opportunities during the summer for students to practice essential skills and make academic progress.

Summer programs offered by the Yolo County Office of Education shall be aligned with the County Office's local control and accountability plan (LCAP), other applicable County Office and school plans, and the educational program provided during the school year. When feasible, summer programs shall blend high-quality academic instruction in core curricular and/or elective subjects with recreation, nutrition programs, social and emotional development, and support services that encourage attendance, student engagement in learning, and student wellness.

Summer School

The Yolo County Superintendent of Schools or designee, with County Board approval, may establish summer school day and/or evening classes.

(cf. 5148.2 - Before/After School Program)
(cf. 6171 - Title I Programs)
(cf. 6175 - Migrant Education Program)

The County Office's summer school program may be used to provide supplemental instruction to students needing remediation and/or enrichment in core academic subjects.

(cf. 6176 - Weekend/Saturday Classes)
(cf. 6179 - Supplemental Instruction)

As appropriate, priority for enrollment in summer school programs shall be given to County Office students who:

SUMMER LEARNING PROGRAMS (continued)

1. Need course credits in order to graduate from high school before the beginning of the next school year

(cf. 5147 - Dropout Prevention)

(cf. 6146.1 - High School Graduation Requirements)

2. Have been retained or are at risk of being retained at their grade level

Because summer courses cover extensive instructional content in a relatively short time period, students who have more than three excused absences or one unexcused absence may not receive credit for summer session class(es) unless they make-up missed work in accordance with law, Board policy, and administrative regulation.

(cf. 5113 - Absences and Excuses)

(cf. 6154 - Homework/Makeup Work)

Sites for summer school programs may be rotated in an effort to make summer school programs more accessible to all students, regardless of residence or regular attendance area, and to accommodate the maintenance needs of County Office schools/programs.

The County Superintendent or designee shall annually report to the County Board on summer school enrollment in the current year and previous year for the program as a whole and disaggregated by grade level, school that the students attend during the regular school year, and student population. In addition, he/she may report on the extent to which students successfully achieved the outcomes established for the program.

SUMMER LEARNING PROGRAMS (continued)

The County Superintendent or designee may collaborate with parents/guardians, city and county agencies, community organizations, child care providers, and/or other interested persons to develop, implement, and build awareness of organized activities that support summer learning.

(cf. 1400 - Relations Between Other Governmental Agencies and the Schools)

(cf. 1700 - Relations Between Private Industry and the Schools)

Strategies to support summer learning may include, but are not limited to:

1. Providing information to students and parents/guardians about summer reading programs scheduled to be conducted by public libraries or community organizations

2. Collaborating with the local parks and recreation agency and/or community organizations to provide day camps, sports programs, or other opportunities for physical education and activity

(cf. 6020 - Parent Involvement)

5. Assigning summer vacation homework in core curricular subject(s) for extra credit

6. Conducting occasional, interactive "fun days" during the summer to provide activities related to art, music, science, technology, mathematics, environmental science, multicultural education, debate, or other subjects
