Yolo County Office of Education Board of Education

Head Start/ Early Head Start/ State Preschool

Gail Nadal

May 2018 Overview

PROGRAM

- Yolo Head Start was excited to receive the recognition for Amalia Garcia at the Excellence in Education event in May. We are proud of the success that Amalia has had the first classroom to relocate to our new Plainfield site as part of the desaturation of Lincoln Plan. Amalia piloted the program at Plainfield with inclusion being implemented with the YCOE DHH program.
- Many of our Head Start children attended Farm Day in Woodland and had a morning filled with opportunities experienced on the Farm and to be a part of many ideas, concepts and fun that can occur. This was a wonderful way to highlight local vendors and farms. We are thankful for the ongoing invitation to participate in this county's Farm Day.
- In the upcoming year, our Head Start program will be implementing "Footsteps 2 Brilliance, a computer application that support learning on individual devices for children in the area of language and literacy. Head Start already has a variety of devices and training will be conducted during Pre-Service training. Children will have time during their learning center to participate. Data has shown much success at other COE who have implemented this program.

POLICY COUNCIL

- The Head Start Policy Council works hard to ensure that our Head Start policies and procedures are always followed. They are prepared for our monthly meetings and share information regarding Parent meetings that have taken place at their respected location on upcoming events.

PLANNING

- Efforts are being made to be community partners in West Sacramento as WUSD makes changes to their ECE program operations for the upcoming months. The program will be relocating classroom to Alyce Norman to offer full day programs to additional families this upcoming year.

Head Start / Early Head Start

Director, Yolo County Board of Education & Policy Council Monthly Report

NOTE ON WAITLIST

The Waitlist is low for our 10-month programs because this is the end of the year and we need to ask families to resubmit qualification information such as income before they are put in the Waitlist again!
