1B-3. Comparison of County Office Projected County Operated Programs ADA to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD NOT MET - Projected ADA for county operated programs is above the standard for one or more of the budget or two subsequent fiscal years. Provide reasons why the projection(s) exceed the standard, a description of the methods and assumptions used in projecting ADA, and what changes, if any, will be made to bring the projected ADA within the standard.

Explanation:
(required if NOT met)

District funded county programs remain consistent and not change to ADA is anticipated.

2. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the county office's gap funding or its cost-of-living adjustment (COLA)¹ plus or minus one percent.

For excess property tax counties, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

¹ County offices that are already at or above their LCFF target funding level receive no gap funding. These county offices have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

2A. County Office's LCFF Revenue Standard

Indicate which standard applies:

- LCFF Revenue
- Excess Property Tax/Minimum State Aid

The County office must select which LCFF revenue standard applies.
LCFF Revenue Standard selected: LCFF Revenue

2A-1. Calculating the County Office's LCFF Revenue Standard

DATA ENTRY: Section I, enter applicable data for all fiscal years. Section I-a is completed by a county office funded at Target, and Section I-b is completed by a county office funded at Hold Harmless. Section II, enter data in Step 2b1 for all fiscal years. Section III, all data are extracted or calculated. Section IV, enter data in Step 1a for the two subsequent fiscal years, Step 2b1 for all fiscal years, and Step 2b3 for current year only. All other data are extracted or calculated.

NOTE: Enter data in Section I, Line c1 and Section IV only if the county office has charter school funded county program ADA corresponding to financial data reported in Fund 01. Due to the full implementation of LCFF, gap funding is no longer applicable. Regardless of the standard selected, criterion 2A-1 must be completed to obtain the total change in population and funding level.

Projected LCFF Revenue

Select County Office's LCFF revenue funding status:

- At Target If status is at target, then COLA amount in Step 2b2 is used in Step 2c in Sections II and III.
 - Hold Harmless If status is hold harmless, then amount in Step 2c is zero in Sections II and III.
- Status: At Target

2020-2021 ANNUAL BUDGET

BUDGET OVERVIEW/ASSUMPTIONS

BALANCED BUDGET

The goal of the Yolo County Office of Education is to maintain a balanced budget. When on-going expenditures in the budget do not exceed the revenue, the result is a balanced budget. The 2020-2021 budget reflects a balanced budget. Further revisions may be proposed after the Governor's final budget is adopted and will be reflected in the 1st Interim report.

MAY REVISE UPDATE

Economic Effects of COVID-19

- Eleven years of economic expansion came to a screeching halt this year
- As former Governor Jerry Brown always warned us, a recession was coming, but even he could not have foreseen this
- No aspect of the national or state economy seems to be unscathed by the virus and the path to recovery is unknown
- There are no models for how a world recovers from a near total shutdown of economies around the globe
- Initial recovery projections were optimistic, but along with the number of cases of COVID-19, have become more and more grim
- The actual economic effects will not be known for months and years, but nonetheless, the Administration must make some assumptions as to how far California will fall and how it will make its eventual comeback

Will There Be a Revised Budget?

- While the May Revision gives us important anchors for state and local budgets that must be adopted by July 1, 2020, there continues to be a gaping hole of information that we need in order to build more accurate budgets
- Unemployment rates change
- Principal, Interest, Taxes (PIT) revenue is the largest share of general fund revenue; tax payments deferred
- Consumer confidence shaken by the current state of the economy; may be a while before confidence rebuilds
- Small, as well as large, businesses may not be able to withstand COVID-19
- The state will likely need to revise its budget when more information becomes available later this summer

- Cash deferrals were used during the Great Recession to implement state-level budget cuts and/or improve the state's cash position
- The Governor's May Revision takes a page from the same playbook and proposes the following cash deferrals:

- Local school agencies may need to implement local borrowing options to ensure adequate cash to continue paying employees and vendors during these times
- While this avoids an additional cut in state revenues to schools, it pushes the administrative and financial burden of borrowing cash to local school agencies

ASSUMPTIONS

- Statutory COLA at 2.31% applied the Local Control Funding Formula (LCFF) and a deficit factor at -10% resulting in an effective deficit factor at -7.92.
- Special Education base rate increase to \$645 per ADA, which reflects a 15% increase over the 2019-2020 amount.
- Federal categorical programs maintained at prior year funding levels.
- Special Education funding for YCOE served students is based on 138.22 ADA
- Alternative Education funding based on 62 ADA; with a per pupil base grant of \$11,335. Supplemental and concentration grants combined are \$3,905 per pupil, based on unduplicated student percentages of 74.22%.
 - CCC 50 ADA
 - YCCP 12 ADA
- Juvenile Court funding based on 8 ADA; with a per pupil base grant of \$11,335. Supplemental and concentration grants combined are \$5,951 per pupil.
- County Operations Grant based on Countywide ADA of 28,475.21.
- Lottery: \$153 Base per ADA; \$54 Prop. 20 per ADA. Funding based on prior year estimated Annual ADA. Revenues to be allocated according to Board and Superintendent Policies and parameters that support organizational priorities. Unspent

Lottery funds will remain in the Lottery reserve; Instructional Material Lottery revenues to be used for Instructional Materials.

- One-time discretionary funding per Governor's May Revise Budget has been removed from 2020-2021 budget and out-years
- Budget reflects the CDE Approved 2020-2021 Indirect Cost Rate of 10.64%; 6% for Special Education; 5% for Adult Education; State approved rate for all programs requiring a cap.
- Salaries increased by Step and Column; estimated salary increases have been included. Salaries for substitutes, extra pay and professional growth increments based on prior year analysis.
- Medical benefit rates capped were estimated at \$675 per month per full-time employee; PERS 20.7%, STRS 16.15%; Worker's Compensation 2.4722%; Medicare 1.45%; UI .05%; and Retiree benefits 1.75%.
- Supplies, Services and Utilities expenditures based on program priorities and any known rate increases. Liability insurance costs adjusted for necessary rate/coverage changes. Managers may revise their 4000-6000 object codes to reflect program needs.
- Capital outlay will be funded within program allocations or may be approved for funding from appropriate reserves.
- Deferred Maintenance allocation is \$175,000. Funds are maintained in the Deferred Maintenance Fund and expenditures are authorized according to maintenance needs.
- Maintenance and Operations support will be charged according to CDE's California School Accounting Manual's computations for usage and support costs associated with operations, grounds, maintenance and rent.
- A Mini Grant program of \$15,000 will be established for staff to propose projects to benefit YCOE programs/students/staff. Each project proposal will include goals, action plans, budget and evaluation plan to be completed within the budget year. A selection committee made up of staff, union representatives and board members will review the project proposals and rank them for funding. The current approved indirect cost rate will be charged to these programs.
- Categorical, pupil driven grants and restricted program revenues will cover all of their program expenditures.
- Charges will be assessed for all staff internet access and computer hardware maintenance.
- Grants and entitlements may be budgeted when either the award letter is received or when funding is reasonably assured. If funds are spent based on reasonable assurances and funding does not occur or funding is less than expenditures, excess expenditures will be reduced from other program ending balances.

- Funding for restricted programs must remain with the program. Unspent funds will become restricted income for the next year or returned to the funding source if required. In the rare event where program ending balances are negative at year-end (expenses exceed revenues) the negative ending balance shall be deducted from the following year expenditure budgets unless approved by the Superintendent.
- Any state program deficits must be covered in the current year.

RESERVES

- Reserves will be budgeted as follows based on fund availability:
 - Economic Uncertainties: 3% of expenditures
 - Lottery (Board/Sup Policy 3220): current year allocations plus prior years unallocated revenues
 - Restricted Programs: Unspent carryover revenues from prior years
- Reserves may be budgeted for individual programs as necessary to maintain long-term continuity within the program. Additional reserves may be budgeted as deemed prudent for future projects, or long-term organizational planning and fiscal stability.

REVENUE

The following chart reflects the different sources of projected revenue for the County School Service Fund. (SEE FORM 01)

SOURCES OF REVENUE

YCOE receives revenues from various sources. **LCFF Sources** is the source of revenue for the court and community school classes and county office core funding or operations grant revenue. LCFF Sources are comprised of a combination of state aid and local property taxes based on funding formulas, and represents 43% of total revenues.

Federal Revenues represent 19% of the County School Service Fund budget. Federal revenue funds grants and entitlements for special purposes. One of the major components of federal revenue is the Head Start/ Early Head Start Grants.

Other State Revenues represents 11% of total revenues. This revenue is received for the portion of the Special Education entitlement, which is not funded, by LCFF, federal grants, or property taxes. In addition, state programs such as Lottery are funded from this source.

Other Local Revenues represent income from interest earnings, fees collected from districts and students, and Special Education Fee for Service tuition. Local revenue represents 27% of total revenue.

The Yolo County Office of Education uses the above sources of revenues for operating programs with specific requirements for providing services to students and the school districts in Yolo County.

EXPENDITURES

Each program, which receives revenue, budgets its allocation of funding to various cost categories. These cost categories include salaries and benefits, instructional materials and supplies, other operating services, capital outlay, other outgo, and other uses. (SEE FORM 01)

The graph above indicates that about 81% of the YCOE budgeted expenditures in the County School Service Fund are for salaries and benefits. The salaries and benefits are budgeted from the automated Position Control system based on the positions and salary placements authorized by the County Superintendent.

The other cost categories have budgeted expenditures, which are identified by the program managers to fulfill program needs.

REVENUE/EXPENDITURES NET CHANGE

The difference between revenue and expenditures is the net change, also known as the deficit spending level if the amount is negative.

Provide an overview explaining the changes to program offerings that the LEA has made in response to school closures to address the COVID-19 emergency and the major impacts of the closures on students and families.

All YCOE programs closed March 13th, 2020. At the time of closure, YCOE programs began planning a "phased-in" approach to Distance Learning implementation.

Alternative Education Programs

Distance Learning was put into action on March 23rd, 2020. All students are assigned to a staff member to "case manage" both academic and social-emotional needs. All students are enrolled in at least two Edgenuity online courses. In addition, enrichment activities are provided through the reading of a common novel, ceramic and two dimensional art (Yolo Arts), and poetry through SAYS (Sacramento Area Youth Speaks). Professional development opportunities are provided ongoing for staff as needs develop or additional programs are implemented by staff are utilizing a variety of technology platforms (ex, Zoom, Google Classroom, etc.) to connect with students and on another.

Early Childhood Education Programs

Distance Learning was put into action on March 31st, 2020. Parents can access school readiness and social-emotional activities through the Internet, monthly hard copies distributions, and cellular applications downloaded to their cellphones. Head Start staff contact families twice weekly to stay in contact and to receive updates on how the families are doing, and to connect families with resources. Activities follow the school curriculum and provide support for dual language learners.

Regional Special Education Programs

Phase I of Distance Learning (outreach) was put into action on March 31, 2020. Phase II of Distance Learning (implementation of Distance Learning) became effective April 20, 2020. Students Individualized Educational Program (IEP) services are provided by IEP team members via a hybrid model using digital platforms, packets, and manipulative kits as appropriate to meet identified areas of need. Families may pick up materials on designated pick dates along with devices such as Chromebooks, iPads, and Hot Spots. Items are also delivered to families where pickup times presented a hardship. Case managers and related service providers provide a Distance Learning work schedule to their program principals with designated prep time, instruction time, check-in times with families, and office hours.

Provide a description of how the LEA is meeting the needs of its English learners, foster youth and low-income students.

Since the predominance of YCOE students are identified as Low-income, Foster Youth, or English Learners, student and family needs are individually assessed across the continuum of YCOE programs to provide targeted supports. Some examples of targeted supports are listed below.

English Learners

Across all of our programs, support is provided to students and their families in their home language to ensure the coordination of appropriate supports. In addition to these supports, our students receive academic support appropriate to their individual needs. In Early Childhood Education, Sobrato Early Academic Language strategies are embedded in the monthly calendar of school readiness activities. Our Alternative Education program students receive direct support from their teachers. Students additionally engage in courses with integrated English Language Development (ELD) support as well as maintaining access to designated ELD courses through Edgenuity. In the regional special education programs, linguistically appropriate goals are embedded in the IEP along with appropriate ELD strategies.

Countywide Coordination of Services for Foster and Homeless Youth:

The Foster and Homeless Youth Education Program is providing continued case management services to students and families through weekly check-in calls. The team is assessing the student and family's needs and making referrals to community resources as appropriate (housing, food, mental health, and technological resources). The program is working with Local Education Agencies (LEAs), Counties (including Yolo County Office of Education), and community partners to support interagency collaboration, school stability, and information sharing. We continue to work with LEA's and Counties to ensure prompt enrollment and timely transfer of records for students. The Foster Youth Services Coordinating Program (FYSCP) has transitioned to supporting transitional age youth Individual Learning Plans (ILP) through weekly Zoom workshops.

Low-Income Students

We continue to assess and provide targeted support to low-income students tailored to their specific needs. Across the board, learning resources are made available, free of charge, to all families. In addition, our teams are providing delivery of instructional materials for students who may be unable to pick up materials or face other challenges in accessing the Distance Learning Curriculum. In addition, our Early Childhood Education program partners with our local food bank to deliver groceries to families who face transportation challenges. For our Alternative Education Program, students are provided with Chromebooks and hotspots to access the digital learning curriculum. For our regional special education programs, specialized resources are being made available to students through the Individualized Education Plan process.

Provide a description of the steps that have been taken by the LEA to continue delivering high-quality distance learning opportunities.

Across all programs, YCOE is leveraging both digital and non-digital resources to meet the needs of our students. In addition to making resources available in multiple formats, we are also ensuring access for all students by providing delivery of resources to students and families who face transportation challenges. All following steps are taken in alignment with the COVID-19 school closure guidelines including social distancing, personal protective equipment (PPE), and post-contact cleaning procedures.

Alternative Education Programs

Alternative Education ensures high-quality Distance Learning opportunities through a case-management model that blends academic, behavioral, and social-emotional supports thorough a Multi-Tiered System of Support (MTSS). This model was phased in with the planning phase beginning on April 16th, 2020, and leading into full implementation on April 23rd, 2020. During phase one, targeted activities examine needs and strategized supports. Some activities during phase one included:

- Organizing the Distance Learning model
- Creating an inventory of technology needs
- Staff training and support
- Prioritizing seniors for initial resource deployment

With the full implementation of phase two, all students are enrolled in at least two Edgenuity online courses. In addition, enrichment activities are provided through the reading of a common novel, ceramic and two dimensional Art (Yolo Arts), and poetry through SAYS (Sacramento Area Youth Speaks). Professional development opportunities are provided ongoing for staff as needs develop or additional programs are implemented. Staff are utilizing a variety of technology platforms (ex, Zoom, Google Classroom, etc.) To coordinate these academic offerings, case managers collaborate with our special education partners and one another to create individual student schedules with an emphasis on ensuring student engagement. We also provide wrap-around supports for our students and their families through ongoing outreach to families and welfare checks by our certificated staff, youth advocates, counselors, and administrators. As needs arise, school and community resources are made available.

Early Childhood Education Programs

The Distance Learning plan highlights the importance of children feeling safe and comfortable while at home for most of the day. Activities focus on the family as teachers and activities lean on interactive participation, songs, chants, and reading stories. Families receive two phone contacts weekly. The first call is to hear about the child and the family. The second is to listen for any needs the family may have and determine ways to make resources available to help with those needs. If staff are unable to make contact with a family and attempts have been made through phone and email, a home visit is made in accordance with the COVID-19 school closure guidelines.

Special Education District Programs

YCOE special education Distance Learning program's priority is to continue to provide access as appropriate via the Distance Learning delivery of service model. This will continue to include a hybrid approach of using various tools to provide access to learning to students with disabilities. Distance Learning will continuously be monitored and implementation of services will be adjusted as appropriate to align with the COVID-19 school closure guidelines. The following steps have been taken by the YCOE special education department to assure high-quality Distance Learning opportunities:

Phase I:

- Outreach to families
- Inventory of technological needs
- Family and student welfare check
- Case managers collaboration time with IEP related service providers
- Case managers Distance Learning schedule for caseloads
- Delivery of instructional materials (devices, packets, manipulative kits)

Phase II:

- Implementation of IEP services via Distance Learning
- Continued delivery of instructional materials
- Family and student check-ins
- Community resources provided
- Continued monitoring of Distance Learning delivery of services to align with COVID-19 school closure guidelines

Provide a description of the steps that have been taken by the LEA to provide school meals while maintaining social distancing practices.

Meals are provided to students in partnership with our County LEAs. Our partners provide breakfast and lunch at no cost to all school-age children 18 years of age and under. Maps for locations are published on the County Office of Education webpage and have been mailed to all students within our programs.

Provide a description of the steps that have been taken by the LEA to arrange for supervision of students during ordinary school hours.

Student supervision was planned with our LEA partners and included a needs assessment that looked at the options available under COVID-19 guidelines. As a result of this partnership and collaboration, it was determined that the Local Planning Council would be the point of

contact for childcare needs for children of essential workers. Through this process any children of an essential worker with a childcare need is matched up with a provider in operation out of a list of 120 participating providers.
