The purpose of this interactive virtual professional development session led by Nicole Anderson, CEO/Founder- Nicole Anderson and Associates Consulting, LLC is to build capacity and courage of governance team members in their quest to address racial equity gaps through taking a deeper dive into concepts focused on educational and racial equity. The overarching outcome for governance teams is to understand their role in perpetuating or interrupting equity gaps through considering effective policies and practices through a systems approach to include the development of an equity statement, policy, and impact action plan.
