When I stated that I was in conversation she physically assaulted me, which cracked my screen. After yelling for her to not touch to yell in my face, encroaching further on my personal space going to have to physically defend myself against physically threatening me with her presence in the room speaking on the phone, continuing to yell and walk. Based on YEA, CSEA and California Ed Code, she would be fired due to the incident and a lawsuit staff members asking them if they felt threatened stated my feelings of being unsafe to administrators expressed that this person has created a toxic environment walks on eggshells around her, or in my case, fear of interaction. Because of the fear brought on by this work and am not able to attend to my personal life entering the staff room without confirming with colleagues teaching day is spent worrying and wondering if another altercation with a volatile coworker who YCOE has put me in a position where I now have lost my sanity. This position has experienced a high rate of turnover been 4 teachers, including myself. I accepted this position to continue until retirement. This year the DHH program and my colleagues were excited to have a high quality infants through 6th grade students in Yolo County opportunity to create an exceptional DHH program for teachers across the age and grade levels which forced into a position where I will have to choose between of creating a strong and effective DHH program again without a consistent teacher to prepare them alongside their peers.</p> <p>Based on YCOE's mission to provide all students with quality education I expected better and am deeply disappointed by their direct impacts on the broader program.</p>
