**JULIANNE
FOXWORTHY
GONZALEZ**

Julianne has over fifteen years experience working in education as an elementary classroom teacher, environmental educator, mathematics coach, and teacher leader. She is currently a PhD candidate at UC Santa Cruz where she studies mathematics teaching and learning with a focus on multilingual students. In her work, Julianne facilitates professional learning and evaluation experiences for teachers, mathematics curriculum developers, and outdoor education programs aimed at creating a professional culture in STEM education of noticing and leveraging diverse students' strengths for learning math and science.
